can someone help me i want to buy spot crypto 1 time per month

NotJinx - April 9, 2026, 8:18 am

Use Coinbase, Kraken or Binance

If you want to buy Bitcoin, [Strike](#) by Jack Mallers is the best venue for recurring buys.

Every solution mentioned above either has fees on recurring buys, or they have non-negligible withdrawal fees.

Under standard conditions, Strike have the best fee structure for buying BTC in the industry, you will get you the highest amount of BTC for your money. Strike is one of my favorite crypto apps across all chains (A tip from our old friend Focus Broken).
