Thread: [FEATURE YOUR BUSINESS/BRAND ON CHATGPT \[CONTENT MARKETING SERVICES \]](#)

Engima - April 12, 2026, 9:49 am

Most people are still fighting for visibility on Google...

But user behavior is already shifting.

People are now asking tools like ChatGPT instead of searching, scrolling, and comparing.

And here's the problem:

If your business isn't being mentioned by AI...
you're invisible in an entire new layer of demand.

I run Kontent, a content marketing agency based in Egypt, and over the past months we've been working on something very specific:

? Helping brands get featured inside AI recommendations

(Not ads. Not SEO in the traditional sense. Actual mentions.)

What does "Get Featured on ChatGPT" even mean?

When someone asks:

"Best dermatologist in New York"

"Nutrition coach for weight loss"

"Marketing agency for small businesses"

AI tools generate answers based on:
authority

content consistency

clarity of positioning

digital footprint

We help position your brand in a way that increases the chances of being included in those answers.

What we've done so far:

We've successfully worked with clients to:

Improve how AI understands their expertise
Restructure their content to be more "AI-readable"
Build authority signals across platforms

? Result:

Their businesses started getting recommended organically, leading to more inbound leads and actual sales.

Why work with us?

Because we're based in Egypt, our pricing is significantly lower than US agencies offering similar services.

You're getting:
Strategy

Execution

Positioning for AI visibility

At a fraction of the cost.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
