Thread: [\[Method\] Consistent ~\\$6K/Month Semi-Automated System | Review Phase](#)

james400studio - April 13, 2026, 3:03 am

Been running a system for a while now that pulls in ~\$6k/month on near-autopilot. Not posting this to hype anyone — I know how HF works and nobody trusts a thread without receipts.

So here's how this goes:

Taking a small number of review copy holders before I put this on sale. You run the system for 90 days, then post your full earnings screenshots in this thread. Sales will NOT open until at least 5 reviewers have posted results. No exceptions. If I can't produce 5 people with real numbers, I'm not selling it.

Once that threshold is hit — \$500 flat. No upsells.

Before anyone commits, I'll screenshare (AnyDesk / TeamViewer) my live earnings with you first. Selected reviewers only.

Quick facts:

- ~\$100–200 startup cost. Goes to a well-known third-party platform, nothing to me.
- Main Platform that's needed is 100% free, still limited beta (so not really well known)
- Works worldwide, minor geo restrictions.
- Method concept isn't new. The execution is. That's the edge.

FAQ

Does it work in my country?

Most yes. DM me and I'll confirm.

What's the \$100-200 for?

Startup costs on the third-party platform. You'll recognize it instantly.

Why review copies first?

Because this forum has seen too many ghost threads. Prove it works, then sell it. Keeps me accountable too.

Requirements?

Solid post count and rep. Joined last month? Skip this one.

To apply for a review copy, post a reply in this thread — I'll reach out to selected members with the highest reputation/activity directly.

If you'd rather wait for results and buy at \$500 — that's there too.

Not your typical method thread. Results or no sale.

.Magic - April 13, 2026, 6:52 am

Interested in reviewing the method, would love more info. Lmk OP. Thanks

Interested to get more information and review this proposition.

Mustard Tiger - April 13, 2026, 8:45 am

This looks very interesting. If it is available in Canada, I would be happy to review it for you, and as part of the review, I can demonstrate that it works in my country.

I would prefer a certain level of reputation before providing a review copy.

hosmail - April 13, 2026, 10:34 am

This looks super interesting. If it is available in US, I would be happy to review it for you!

WraithTools - April 13, 2026, 11:50 am

I am keen for a review of this, already have some systems on the go and very enthusiastic about trying new methods especially as a digital nomad while travelling which is also a good niche. I have some unique methods for traffic etc as well. Please let me know.

PetrovDefense - April 13, 2026, 1:17 pm

Very intriguing! Interested in review copy. Thank you for sharing this openly.

Fresco - April 13, 2026, 3:07 pm

Hey, interested in a review copy.

I'm from S.America, so it could be a good opportunity, given that there are very few users here, and I'm willing to pay a fee.

Thanks

thecodershark - April 13, 2026, 3:42 pm

Lets do it, dm details to start today.

Beaks - April 13, 2026, 5:18 pm

I am interested in a vouch copy, I think my previous methods / rep speak for itself.

Navos - April 13, 2026, 5:21 pm

Interesting project. I'm up to join up your 90 days review project if I'm eventually selected.
Thanks.

NotJinx - April 13, 2026, 6:02 pm

I'm interested in a review copy

Despite my lower rep/post count, I'm highly active and have the startup funds ready. I can provide a detailed 90-day log with transparent results. Give a "n00b" a chance to prove the system works for everyone. LMK.

NoSuchAgency - April 13, 2026, 8:09 pm

If you still have any review copies let me know, I'd love to try it out.

TheMedigator - April 14, 2026, 5:58 am

OP has messaged me and I'll be doing a review of this soon.

I'll do a review pretty early on then a second one once it's been 90 days.

Skipp - April 14, 2026, 7:54 am

Just wanted to let you know that finally some good vibes from someone who sells methods online lol. Decided to take a look back in HF after a while and every thread selling anything resembling a method was horrible. I'm probably outside of your vouch scope but atleast I've been here a while.

Good luck

screams - April 14, 2026, 2:04 pm

Purchased every reasonable method within the last few years on HF. Also been around since 2014. Let me know if you'd like me to review.

Occupato - April 14, 2026, 2:26 pm

I'd be interested in a vouch copy.

Please consider me if you can.

I'm in Italy.

Thanks anyway.

Air Gunman - April 15, 2026, 12:16 am

I am based in SEA and has large following on a community in Telegram.

I have been looking for a system that really works.
Would love to commit to this

StuffSneak - April 15, 2026, 1:00 am

Interested in trying this out. I have done many of such reviews & have been here a long time. I hope I meet your requirements.

Thanks!

• **Enlil Wolf** • - April 16, 2026, 8:46 am

Greeting,

Would be interested in leaving an in-depth review, not sugarcoating anything and just leaving an honest feedback as it is.

Regardless, thank you for sharing this opportunity with all people here. Hope its genuine and something that can be replicated.

Regards.

Sholi - April 17, 2026, 2:59 pm

How many reviewers you got and got room for one more?

Edmond Dantes - April 18, 2026, 4:16 am

I would love to see some reviews and purchase this. Will follow closely.

Anchosteam - April 18, 2026, 6:08 am

Count me in for a review...

Nugs - April 18, 2026, 7:53 am

I recieved one of the vouch copies.

I'll leave a detailed review in 2 months.

sayan164 - April 18, 2026, 9:19 am

Interested to get vouch copy. I will test this

.Alpha. - April 18, 2026, 10:50 am

Hopefully I am eligible for a review copy. I will definitely take the time to try it out, have the necessary funds and time to give this a shot.

Appreciate this style of marketing. Far too many vouch copies of people just reading through the guide and not actually executing.

Will continue to follow this.

Amado - April 18, 2026, 12:01 pm

I can do this if selected, have the time and investments to do so. Let me know

Healasuk - April 18, 2026, 12:49 pm

I'd be interested in being one of the reviewers (If eligible). Currently working on my own schedule (Self-employed), so I'd have a lot of time to invest into this from home

His account has not been active for almost 3 years and he is promising a 6k return. That says enough. Bet that account is stolen

Yes I did use AI to write this thread, since I am not good at writing. So what? AI tools are made exactly for this reason.

I'm not sure why you're tagging me or making accusations without any proof. I'm not affiliated with that account, and calling me a scammer out of nowhere is not cool.

FigStreet - April 27, 2026, 10:59 am

I'd be interested in buying now and posting results. Sending you a DM.

Wheezy Gang - July 28, 2026, 6:10 am

If you're still offering this I would be interested in giving it a shot and in return I would be willing to give a portion of the earnings to you, don't see any reviews or vouches like you were hoping to get not sure if you're still offering the vouch copies

Nugs - August 23, 2026, 10:18 am

Been running this method for about 4 months now.

Here are my results so far:

Total Revenue: \$3,728

Profit: \$615

Without giving away too much information about the method, you rely on a third party to handle listing the items, fulfillment and shipping for the items being sold.

The biggest issue I've had so far has been shipping. I'd estimate that at least 10 of my orders were never delivered due to issues with the shipping labels. This has been happening randomly since I started and is probably my biggest complaint with the method. The third party's customer support has been pretty good for the most part and they've helped when I've contacted them, but the shipping issue is still annoying to deal with. Also they are late with shipping majority of the time.

Overall, I'd say the method is good. It hasn't been as profitable as I originally hoped, but it is genuinely semi-autopilot and doesn't require much effort from me to maintain.

I'm still running it and plan to continue, so I'll update this review again if anything significant changes.
