Thread: Negative Google reviews - Poland based

Shaquille - *April 18, 2026, 2:08 pm*

If you have a Polish Gmail account that has at least 5 reviews I'd like to work with you.

Here are the rules:

-> All you're going to do is leave a 1 star review for a company.
-> You don't have to leave any comments or anything so it'll literally take you 20 seconds if your slow.
-> I'll pay you a bonus if you coordinate the review comment with me.
-> Then you'll screenshot the review, and send it to me via PM.

I'm going to take 24 hours to ensure it sticks.
Once I verify it on my end that it has stuck for at least 24 hours, I'll be paying you $3 per review via ETH/BTC (5$ with coordinated comment).

You can do as many as you want or just 1 it's all good PM me if interested
