Thread: [How to delete account from this cringe ass forum](#)

I can't stand even having a standing account here.

The type of PMs I receive make me want to KMS.

Please I can't take it anymore.

it's too much cringe here.

"Can we work together on Discord it's owned by Russia and UK. I can get latest source code to Pegasus Spyware, if not a custom sourced one for this but you have to work together to pay for it's autonomous. It can export OS for Android or Windows to Cloud GPU servers for complete system or app specific, and keep it there use AGI agent and control apps or OS either transparently without any notice or with a psychological and behavioral control system for manipulating users offline behavior."

Whoever sent me this should be in PRISON for a long time for cringe.

I hate all you friendly people.

Get a self ban. Request a mod to ban you. Don't think there's a way for you to delete your account completely.

I will say though. If people are being nice and friendly to you. They are doing it out of courtesy for a fellow member. Nobody here unnecessarily deserves to get a lash of an attitude that you are displaying here. Do reconsider.

they are cringe worthy, and what's the point of being nice on a FBI honey pot?

Why would you join if this is an FBI honey pot?

We are all friendly people that don't do anything illegal.
