Good afternoon, dear friends!

We are offering an exclusive web scraping package — a powerful pool with high IP address rotation.

Package features:

8,000 ports
90,000 IPs in the pool
High rotation speed
No traffic limits

Perfect for intensive scraping, parsing search engines, marketplaces, and any complex projects.
Price — upon request.

We also continue to offer 3 hours of free testing on the real pool.

JustProxy - June 16, 2026, 11:24 am

Do you need RELIABLE residential proxies with traffic rotation? We can help!

Proxies for all your needs - without traffic limits.

Our advantages

100% resident IP (USA, Europe, Asia — to choose from)
Automatic rotation (backconnect)
High speed and stability — do not drop during long sessions
They work ideally for brute force, large volume parsing, account registrations, and mass mailings.
Low ban rate, maximum anonymity
HTTP(S)/SOCKS4/5 support, any software and tools

If you would like to receive a free trial of our proxies, please reply to this message with "free test"
After the trial, please leave a review in this thread regarding the quality of our services. Your feedback is important to us. As a thank-you for your review, we will credit you with an additional 3 hours of testing—giving you a total of 6 hours, absolutely free!

?Friends, from July 23 to July 31, 2026, we're running a powerful summer promotion on proxies!
What we offer:

30% discount on the purchase of any package from 5 days
20% discount on package extensions from 5 days
As always — free 3-hour test period to check the quality

Stable, clean, and fast proxies for any tasks: parsing, SEO, arbitrage, multi-accounting, working with forums and social networks.

While the promotion is on — it's the perfect time to grab a longer package and save big!

JustProxy - August 11, 2026, 8:27 am

We have good news - our proxies have become even faster and more stable.

We also continue to give out 3 HOURS of FREE TEST. Select the package you need on our website. To get a trial, post "please provide a test for the ... proxy package" in this thread, or send a message to our support team on Telegram.

We will answer the most popular questions:

1. We have a cashback, but it is possible in the first 24 hours when purchasing a package for a month. Then everything is at the discretion of the support.
2. We are prohibited from: carding, DDOS and any other illegal activity.
3. We have blocked a number of sites: financial institutions, Paypal, Google resources. If you need to do mailings from gmail - ask for a support, it is possible on dedicated tariffs.

Write. Now there are 2 dedicated exclusive pools available.

New Package — RU Residential Backconnect Proxies

We've expanded the pool specifically for tasks where Russian geolocation and stability at scale matter most.

What's included:

- ? Pool: 30,000 IPs (Russia)
- ? Ports: 6,000
- ? Threads: 300 / 600 / 900 — pick what fits your load
- ? Clean residential addresses, minimal bans and captchas

Great for:

- scraping and data collection from Russian resources
- automation and multi-accounting
- SEO monitoring and regional SERP checks
- any task that needs a stable RU IP without a drop in speed
