I think I'm going to watch Peaky Blinders next and I'm curious to see what the HF community thinks of it?

Do you guys recommend?

It's a good show, it really depends on what you like. I think Vikings is better.

I watched the first episode. My only challenge is understanding what they are saying with the accents. There's sometimes it takes me a second to figure out what they said.

You'll probably enjoy it, some of the actors have European accents, but if that doesn't bother you, subtitles are always an option ?.

You are talking about series or the movie?

About series highly recommend to watch it.

About movie it's 50/50 for me. I'm not really liked it and I think it's was not necessary to make that movie from producers.

Series are amazing, you won't regret watching it. One of the best shows I've ever watched :)

Peaky Blinders is a fantastic show. It starts off a bit slow though just an FYI. I've been planning on rewatching it soon so I can watch the movie. It's been a long time and I've forgotten alot of what happened on the show.

Also, can't agree with this more. Vikings is probably one of the most underrated shows ever produced.

I watched it twice honestly one of the best out there. Cillian Murphy absolutely kills it.
Definitely recommend it ?
