Thread: [\[GIVEAWAY\] \\$169 in Kriminal AI Plans - Uncensored AI \(3 Winners\)](#)

sopa - April 29, 2026, 5:33 am

Uncensored AI assistant. No filters. No moralizing. Built for people who actually use AI for something.

? GIVEAWAY ?

2x Operative (1 month) + 1x Ghost (1 month)

Total prize value: ~\$169 USD

» WHAT IS KRIMINAL AI?

Kriminal AI is a fully uncensored AI assistant. No refusals, no "as an AI language model" disclaimers, no watered-down answers. We built it because every mainstream chatbot got progressively more useless every quarter, and we wanted one that actually does what you ask.

It's not a jailbreak wrapped around someone else's API — it's a purpose-built assistant with multiple specialized modes, real-time web access, image generation, and end-to-end encrypted chats stored in the browser.

Try it: <https://kriminal.ai>

» WHAT CAN IT DO?

Standard Chat — Uncensored conversational AI. Ask anything, get a real answer.

Conspiracy Mode — Cuts through the noise on topics most assistants refuse to touch.

Roleplay Mode — 6 pre-built characters + fully custom personas. Persistent in-character sessions.

Live Search — Real-time web intelligence. Current data, not a 2023 cutoff.

Code Mode — Specialist coding model. Writes scripts, reverses logic, explains exploits, builds tooling. No refusals on red-team / sec work.

Image Generation — High-quality image gen at \$0.50 per image (Aurora model).

» PLANS

Agent — \$12.99 | \$20 monthly balance | ~200 chats | Standard + Conspiracy

Operative — \$34.99 | \$60 monthly balance | ~600 chats | + Roleplay, Live Search, Code Mode (giveaway prize)

Shadow Dev — \$59.99 | \$120 monthly balance | ~1,200 chats | All features + image gen

Ghost — \$99.00 | \$180 monthly balance | ~1,800 chats | Top tier, all features (giveaway prize)

Up to 25% of unused monthly balance rolls over. No surprise charges, cancel anytime.

For one message you can only get so much of an idea on what could be improved but, site looks nice and operational. It did what I asked in one message correctly as a test. I'd say this could be good if OP continues to improve and polish things over time.

Superb

actually seems more advanced than the other AIs!

Got a full answer on the first try compared to the usual AIs that didnt allow it.

Slick UI

Wishing you the best of luck

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
