???????? - May 2, 2026, 12:55 pm

Deposit Has already been sent to @Omniscient@

MadScientist - May 2, 2026, 2:12 pm

Rad, congrats to anyone who wins. I'd be using it to fix my car - living in the middle of no where with no car is a huge PITA and a burden to get anything done. G/L to all, nice giveaway bro

Knowak - May 2, 2026, 2:46 pm

Thanks for hosting another giveaway.

Again, I would use the money for medical reasons as I'm currently treating a disease.

Omniscient - May 2, 2026, 3:25 pm

I want to use the money to buy something for one of my kids who just got their first apartment and need what seems like everything.

Also, posted this contest on X.

JoseMar - May 2, 2026, 3:51 pm

Thank you for another great contest, I hope I get a little lucky. ?
Here's what I would do with the money:

Honestly, just today I spent another €50 on tomato seedlings, 200 onion plants, plus other vegetables... Now that I see this contest, I can honestly say that I would use all the money to buy even more vegetables and plant more in my garden.

I wanted to buy cabbage and cauliflower too, but it's not the right season now, only around July or August, so I'll probably save half of the money just for the cabbage and cauliflower, because I love it ??

Good luck guys

?inimalist - May 2, 2026, 4:14 pm

Oh another cute contest.

I will buy something for me. Maybe some earphones or some headphones.

Good luck everyone!

Deany - May 2, 2026, 5:50 pm

I will use this money to buy a watch for my childhood friend. I found out last year that he's been eyeing this watch. I have been trying to save and get it to surprise him for his birthday. It would mean very much for the both of us I believe.

loadman - May 3, 2026, 1:51 am

i will use the money to buy myself pragmata

HACKED - May 3, 2026, 2:39 am

Great contest OP! Thank you very much! Going to spend going out most likely.

P??sonl?af - May 3, 2026, 2:58 am

Thanks for another great contest man. You're killing it!

I would use the money to help out a friend of mine who just got out of a relationship where the other person cheated.

She's less mobile and apart from the heartbreak in now also worried about groceries and cooking in general. (She's not a great cook)

This weekend I made a Food box for her to stuff her freezer so she doesn't have to worry about food for a month. It would be nice to not have to reimburse the food cost or maybe even just take her out to dinner to ease her mind.

jackreacher - May 3, 2026, 4:22 am

I will be treating myself out alone to a lovely dinner i longed for.

Yanix - May 3, 2026, 4:55 am

Winning is the Goal! Blessed Sunday everyone!

Thanks for hosting another great giveaway contest [?????????](#)

The new school year is coming up this June and extra money always helps me when getting everything ready for the kids. If I will be the lucky one, I would use the \$100 for my kids' upcoming school year expenses. It would go toward buying their school supplies like notebooks, pens and other things they'll need for class. It would really help me lighten the expenses and make sure they're prepared for this new school year ahead.

Best of luck everyone and God bless.

Three - May 3, 2026, 6:46 am

In the country where I live, there was a forest fire in 2020. Trees burned, animals died. New saplings have been planted, but there are very few animals. When I was 10 years old, I saw squirrels in that forest, and sadly, I haven't seen any squirrels there since the fire. I going to buy a few squirrels with this money and release them into the forest. They will live on, and children who go there will see these animals.

Thank you for the contest. Best of luck everyone.

R5N3T - May 3, 2026, 7:45 am

My reason is still the same, I really need to pay for my expenses this May... and I will be able to breathe a sigh of relief because there is no income yet.

Honey Singh - May 3, 2026, 11:22 am

Oracle Services - May 3, 2026, 3:04 pm

Thank you for the kind generosity across the community.

There's this 9 year old kid at a local coffee shop that works there and always sits around me trying to understand what I'm doing on my laptop, he always said he wanted to save up for a budget laptop to start learning about "this thing called AI", if I get this 100 USDT, I will add on top of it the remaining amount to get him that laptop and prepare a decent setup on his laptop.

And I'll tell him this is the result of the time you've invested trying to learn and understand what I'm doing, and the rabbit hole keeps getting deeper. One day eventually when he's above 18, I'll tell him about HF and that this exact thread is the reason he got that laptop.

Damn this got deep way too quick, I think I'll do it either ways.

Have a great day!

My honest answer is money is really tight at the moment and in the next 2 months I have so many expenses that I'm really stressed out about how I'm gonna pay them. 100\$ would really help out a lot.

Hey, I'm sticking to my word.

I'll attach an image giving him the laptop as a reply here on this thread once I receive the money (And most probably add a bit on top, definitely going to do that), to show a quick snap of giving him the laptop. I'll keep things very light for him, but I can't wait for his reaction after some years when I tell him this exact thread is the reason he got that laptop.

Thank you for the giveaway, let's do this.
