Thread: [\[Worldwide\] StreamGrid Low-Latency 4K IPTV. NO VPN. Crypto ONLY. 24H Trial](#)

StreamGrid - May 4, 2026, 5:50 am

? StreamGrid – IPTV for the privacy-conscious. Built different.

? What you GET (and what you don't)

- ? Next-gen server stack – Channels load in <1 second
- ? NO VPN needed – Built-in bypass (proxy DNS)
- ? 27,000+ live channels – 4K/UHD/FHD/HD
- ? 100K+ VOD (Netflix, Prime, DAZN, Disney+, HBO Max) – Updated daily
- ? Anti-Freeze Engine – No buffering during PPV/Sports
- ? Xstream Codes – Works with TiviMate, Smarters and others
- ? No KYC – No name, no email, no tracking
- ? No logs – Your privacy is the only priority

? Tech Specs

- Server response (EU): <100ms
- Uptime: 99.9%
- Best players: TiviMate (Android/Google TV), Smarters Pro and others
- Format: Xstream Codes API / M3U
- Playlist TTL: < 1s channel load

? Pricing (Crypto ONLY – BTC, XMR, LTC, ETH)

- 1 month -> 8€
- 3 months -> 18€ (save 6€)
- 6 months -> 30€ (save 18€)
- 12 months -> 45€ (save 51€)

? 15% EXTRA OFF if you pay with Monero (XMR)

? Why the f*ck should you trust me?

I don't want your email. I don't want your name. I just want you to test it.

? 24H FREE TRIAL

? DM me for your trial. No strings attached. No spam after. Just a link and 24h of flawless streaming.

? What's inside?

- Sports: EPL, UEFA, NBA, NFL, UFC, F1, DAZN, ESPN+, Sky Sports, beIN 4K
- Entertainment: All the Netflix/Prime/Disney+/HBO catalogs
- International: Local channels from 150+ countries (SL, Albania, Ex-Yu, etc.)
- VOD: Movies and series, added daily

StreamGrid – Privacy First IPTV. Since 2026.

esselte - May 15, 2026, 1:44 am

IPTV seems promising. Tons of live channels, huge selection of Films and a lot of TV Series. Quality channels is really good and they load really fast.
