This does not work globally, OP. Please do your research before claiming these methods are globally applicable. There are multiple countries in the EU where this method is not accessible. Thanks for wasting my bytes.

you can literally get a verified account of the mentioned site on HF for dirt cheap then loading it with crypto without it being available in your country

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
