Thread: [Finally upgraded](#)

GrowthHQ - May 12, 2026, 1:05 am

Hey everyone,

I've been a lurker for a while, but I finally decided to get involved and support the community by upgrading to L33t.

I spend most of my time in the tech and marketing niches, so I'm looking forward to connecting with like-minded people here.

I'm planning to stay active and hopefully contribute some value back to the forum.

See you guys around!
