Thread: [Thoughts on GTA6 female protagonist?](#)

blacka - May 12, 2026, 10:09 am

the GTA series have mostly been focused on male protagonists. But for the first time, in GTA6, a female protagonist will be playable. How do you guys feel about that? I think it could be fun if done right.

Tom0129 - May 12, 2026, 9:06 pm

To me it's really fine, I hope we will get some fun interactions

HerrWinston - May 12, 2026, 10:23 pm

I dont care about the gender at all, the only important thing is how good the character writing and story is. If the game and story is good everything else is unimportant :D

Undead - May 12, 2026, 11:33 pm

I'm noticing this trend in video games as well as movies. Its just pandering to the woke left and i'm not a fan of it.

Mercury - May 13, 2026, 6:30 am

I see no issue with it. In fact, I think it's going to be a cool twist so long as Rockstar isn't going "woke". I grew up in an inner-city that is well below the poverty line so I've seen alot of wild shit over the years, and I've seen some women that are for more hardcore than the average man, haha.

As long as they write her in correctly, it will be cool.

oRequiem - May 13, 2026, 9:32 pm

I'm fine with it as long as they make the story make sense.

Pr0m3th3us - May 13, 2026, 9:58 pm

100% fine with it. I would rather watch some tits bounce around then some guy while playing. I'm assuming though one person will die in the end, or you'll have to choose which one lives or dies. Also from the trailer she seems chill and saucy at the same time. Hot AF imo.

DemonAsylum - May 31, 2026, 11:13 pm

It doesn't bother me whatsoever. What I care about is the actual game. If it has a good story and good gameplay, I'm happy.
