Got the access within 24 hours, I recommend you get it fast!

EDIT: Waiting for him to fix a potential issue with the subscription, getting same session limit as a normal Pro plan for Max x5.

<https://hackforums.net/showthread.php?tid=6325738> he will just give you standered team seat

tipme - May 20, 2026, 8:09 am

This user has an open dispute delivering normal subscriptions and not premium like what he promises.

JDAM - May 20, 2026, 9:21 am

The seller is delivering Claude Team plan seats and conflating them with what he's claiming to sell.
<https://support.claude.com/en/articles/9266767-what-is-the-team-plan>

? loading encrypted image... ? loading encrypted image...

A standard seat is Pro with 25% more usage because it costs 25% more

A premium seat is Max 5x with 25% more usage because it costs 25% more

(I'm not sure about standard/premium seats being given the pro/5x equivalent pricing, maybe volume discounts)

The seller is stating that a standard seat is equivalent to Max 5x

"Extra Usage" = API Pricing; the seller won't actually give you any of this beyond what he gets for free, because it's significantly worse than a subscription.

? loading encrypted image... I don't know what he's planning on doing with people purchasing Max 20x from him. I'd presume exit scamming after a month or two.

Either that, or he genuinely doesn't know his ass from his head and needs to issue several refunds.

jevro1337 - May 20, 2026, 10:32 am

Yes sirr its a 1.25x Team Seat that is nowhere near 5x with continuous interruptions and getting kicked out of seat.

Don't bother, he was defintely fast and promising, that was the only good thing, but yeah good for scamming.

A student looking for a cheap alternative and got scammed gosh I am so dumb.

Feel free to help out whoever who wants to help me out.

arsenel - May 21, 2026, 3:33 am

bought but still not activated after more than 18 hours. but after reading comments I will create a dispute as well as it seems

INCREDIBLE - May 21, 2026, 3:41 am

At this point, @HFStaff should pause his sales. He's clearly misleading buyers here, further damaging our marketplace.

arsenel - May 21, 2026, 8:30 am

Paid already, sent everything he asked for, still no upgrade, no proper response, nothing.

Opened a dispute because at this point this is getting sketchy as hell.

Also after reading the latest replies here, it honestly looks like people are not even getting the actual product advertised in the thread.

I do believe admins should pause this thread until it solved.

Buyers should be careful before sending crypto here.

twitter4u - May 22, 2026, 8:35 am

He even negative rep people who asked for refund after giving a standered 25\$ seat tell it s 5x max and he give extra usage when limit hit.

arsenel - May 23, 2026, 9:35 am

He is just a scammer. he doesn't even respond.
