Thread: [Final Expense & IUL Life Insurance Lead Generation Specialist](#)

SIM-4791795 - May 13, 2026, 3:34 pm

Looking for someone experienced in generating life insurance leads for agents.

I am looking for help generating English-only leads for:

Final Expense

IUL / Indexed Universal Life

I am looking for someone who can generate real consumer opt-in leads, not scraped lists, fake leads, recycled junk data, or non-compliant contacts.

Requirements:

Must understand life insurance lead generation

Must be able to generate final expense and/or IUL leads Must provide proof of opt-in or lead source

TCPA-compliant leads only English-speaking leads only

Prefer leads with name, phone, email, age, state, and interest type Must explain how leads are generated: Facebook ads, landing page, forms, calls, etc.

No cold scraped lists No shared recycled data

No fake aged leads

* No offshore spam traffic

Please send:

1. Your experience with life insurance leads
2. Whether you specialize in final expense, IUL, or both
3. Cost per lead
4. Whether leads are exclusive or shared
5. How consent is collected
6. Sample lead form or funnel
7. Expected volume
8. Replacement policy for bad leads
9. Whether you have worked with final expense or IUL agents before

I am starting with a small test budget and will scale if the lead quality is good.
