Thread: [Setting up mirai](#)

sephtix - May 15, 2026, 10:04 pm

Could someone help me setup a Mirai? I followed various tutorials switching between Debian ubuntu centos and mirais but Its always failing while compiling

Ill Set it up again in a Bit then ill send Error message

DramaKing - May 16, 2026, 3:59 am

What you're doing wrong is not using Ubuntu 16.04, I imagine.
