Thread: [Avatar File Size Increased](#)

Omniscient - May 18, 2026, 10:13 am

Our uploaded avatar max size has been increased from 100k->150k.

Should allow for slightly more animation.

Enjoy and thanks.

Very nice increase, this might be the best time for me to finally design an Avatar aswell, thanks for this! :)

The reason it has a limit is to avoid those super mega avatars with high animations. Same with signatures. They slow the site loading time down and are an annoyance visually.

Good update. 150k should make animated avatars look much cleaner now, thanks Omni.

Maybe one day I will be able to make an entire movie as my avatar. ?
