Thread: [Finally coming to United States of America](#)

Adolfi - May 18, 2026, 12:15 pm

Hey guys, how are you. Finally it's time. After visiting 29 countries Now I am coming to United States for the first time. I will have 30 days to spend. I want to play in casino.. See mountains, enjoy good nightlife., also amazing beaches with good quality water with lots of chicks around. Since I have methods to do free flights and hotels for myself. So I will be spending very less to wander around. Also I do Bestbuy . So I plan to do lots of orders of apple items and plan to sell on stores to cashout money.

With that I also like nature. so suggest me like 5 places guys (5 cities in different states)

Apple products are sometimes subject to import/export restrictions or duties. It doesn't matter that you stuff your luggage with electronics and not shipping them; customs can still nab ya for smuggling.

Assuming your only going to the lower 48 and not Alaska....

Yellowstone National Park/Grand Tetons - Wyoming

Glacier National Park - Montana

Yosemite National Park and Redwood National Park - California

Grand Canyon National Park - Arizona (bring water its gonna be a bit hot)

Olympic National Park - Washington State

If you wana go to electronic stores (BestBuy) you would be better off finding yourself a Microcenter or even a Newegg store. But yea you should ship that stuff back don't try to go through customs.

I was in Seattle a couple of weeks ago and it was nice. Definitely Cali, Vegas, and that Lake Tahoe area. NYC if you have the time

Make your findings personally around where you're gonna be located

You are participating in fraud in the US? You will get caught, convicted, spend time in prison, and then go home to your native country!

If not, enjoy the states on your visit.

Las Vegas, Nevada

Miami, Florida

Los Angeles / San Diego, California

Atlantic City, New Jersey

Oahu (Honolulu), Hawaii

You should probably also go to the best country in the US...Texas. Shoot some guns, blow some stuff up. Eat some Whataburger. It just hits different.

Let us know , hows it been so far

I second the Whataburger. I'm from the North East so when I finally had an opportunity to try Whataburger, it changed my life.

Why does it sound like you are about to defraud a bunch of hotels and steal products here?

If so, fuck off out of our country bud.

If not, welcome and enjoy!

If you are committing fraud though... I would hope you are arrested and kicked out.

Perhaps you're not even coming here, you are just trying to advertise your hotel service on HF lol. That seems likely

That was my guess haha, otherwise he'd be pretty dumb to advertise that he's going to the US specifically to defraud stores and hotels.

Especially on a site that is hosted and ran from the US hahaha.

I reported the thread for being out of marketplace. I think this is very likely. It's way too convenient that he has a giant signature advertising hotel discounts and is specifically talking about coming to the USA on discounted or free hotel stays lol.

I highly doubt he even has real travel plans, let alone a ticket here.

I'd be lucky to be let into any country ?
