Thread: [\[HELP\] Resources to learn AV evasion](#)

cloudthiscloudthat - May 18, 2026, 5:25 pm

Hello!

I'm new here, but I have a simple question:

Basically, what are some good resources to learn AV evasion or crypter techniques that are working in 2026?

I want to actually learn the concepts, and not just get pointed to some closed source app...

Thank you very much, I appreciate it.

Voidlight - May 18, 2026, 6:44 pm

This is a good resource for learning <https://www.ired.team/offensive-security/defense-evasion>
