Thread: [I need help finding this Answer](#)

I have a question on this manga, I cannot find the answer anywhere and that is me assuming that there is an answer to this question that I have.

Manga: The Girls Who Traumatized Me Keep Glancing at Me, but Alas, It's Too Late

So with the image below, it shows an adult woman named "Himiyama Hisaki" and the Younger Guy's name (The MC) is "Kokonoe Yukito."

My main question is how does she know him at all because when he introduces himself by name, she looks like she recognizes him after hearing it. I can't find out how she knows him, the context on that is he was helping her move her stuff in her new home while it was raining within the same chapters.

I FINALLY FOUND THE ANSWER TO THIS QUESTION.

Okay so apparently, she used to be an intern with his elementary school teacher and a kid did something that really bothered him at the time. She chose to not believe him and believe the other student instead, she ended up resigning due to guilt on what she did. She considered it as a "warcrime" on her part. Years go by and he helps her in the rain when she's moving into a new place. Took me months to find this answer.

All in all, it looks like a simple premise but an interesting one. If nothing else, you've definitely shared a manga that looks to be quite good

It's a solid manga. Not a simple premise really, you'd find it quite surprising.
