Thread: [Avatar Display Size Increased](#)

Omniscient - May 19, 2026, 10:18 am

Avatar sizes were increased yesterday to 150k. A long time ago avatars were increased from 100x100 to 120x150. However, I just noticed we never changed the display size in threads. Sorry about that.

So now the avatars on posts match the size of 120x150 and 150k limit.

Your avatar would look way cooler with this hairstyle

I love yours, same with Omni's wtf..

Who made it?

casperr - May 19, 2026, 7:04 pm

The avatars got their DLC patch.

jcole - May 19, 2026, 7:31 pm

Loving your new pfp Omni. Thanks for the update!

Charlie Sheen - May 19, 2026, 8:49 pm

Very nice upgrade, I like the new profile picture also.

Was wondering what's up with the avatars until I read this thread. Honestly looks better this way, nice change.
