Skip the verification loops. Selling a plug-and-play Wise account based in Spain.
Fully verified (KYC cleared, clean history).
Spanish IBAN – perfect for stealth, clean EU operations, or VCC usage.
€20 balance already loaded inside so you don't have to worry about the initial deposit block.
Full account data handover upon payment.
Price: €400
Payment: Crypto (USDT)
Hit my DMs if you need a reliable EU setup today. Ready for immediate transfer.

Do you only offer Wise? What about Cash App?

Hey, no, sorry. Since I'm based in Spain, I can't look into US-only platforms like Cash App. I strictly specialize in European setups like Wise, which are much more stable and useful for SEPA and EU operations anyway.
