Thread: [Fake Live Snaps on Snapchat No Media Upload Tag Perfect for E-whoring \\$14.99](#)

JNath - June 2, 2026, 11:47 am

Tired of the “from camera roll” or “media upload” tag ruining your sales ?

I'm selling a tested method that lets you post Snaps that appear fully live – no tags, no “uploaded” indicators.

- ? Works on latest Snapchat version
- ? No root/jailbreak required for most steps
- ? Step-by-step written guide
- ? Discreet and easy to follow

Price: \$14.99 (one-time, lifetime access to the guide + updates)

Payment methods: Any Crypto.

Delivery: Instant download link via PM after payment.

Still working with all latest snap versions, both on iOS and Android. No jailbreak or root or third party app required.

You can fake snaps, and make money.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
