Wait for setup & delivery

Do not forget to save your login key. If it's lost, we can't recover your account, and everything will be lost, including the server.

Why choosing us? Privacy Protected: No registration required. We do not even ask for your email ID. So your information will never be compromised.

Offshore Hosting: We do not terminate or suspend on DMCA notices (Must buy our DMCA ignore servers).

We allow Freedom of Speech

You can send bulk email using our VPS (Must buy our Email Servers)

Port Scanning allowed (Must buy our port scanning servers)

General Prohibited Content & Behavior Tor relays, and exit nodes (bridges may be allowed in some locations, contact before order)

Hacking / Botnet / RATs / Ransomware.

Fraud / Scam / Phishing / Carding anything related.

Fraudulent sites, as well as redirects to such sites.

Terrorist Activities or Hate speech against any individual, race, or country.

Child Sexual Abuse Material (CSAM): Absolute zero tolerance. Any instance results in immediate server deletion and token ban.

Pornography and related content, even if it's legal, are not allowed in Russian locations due to local law. However, legal porn is allowed in other locations like Moldova or any other location except Russia.

Outbound DDoS Attacks: Launching distributed denial of service attacks from our servers.

Resource abuse, which can manifest in various forms such as excessive CPU utilization, memory hogging, or network saturation, poses a significant threat to the stability and functionality of other VPS instances sharing the same infrastructure.

Servers are not instantly setup, we will setup manually once the invoice is marked as paid.
Do not order if you want instant activation
