Our communication was not perfect. I believe I'm a fairly reasonable person with at least average intelligence, but I did not feel I was treated with the patience and respect I expected and wasn't given enough explanation during the process to feel at ease. That said, the seller delivered the product in a very decent timeline, and I can confirm the product and service are legitimate

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
