Thread: [\[LIMITED\] PRIVATE METHOD \[\\$200+/DAY\] \[Middleman\]](#)

Dushta - June 24, 2026, 3:16 pm

? PRIVATE HIGH PAYOUT METHOD ?

~\$200/Day · No age/Country restriction

No risk of losing a cent.

THE SHORT VERSION

What I make with it: I've been averaging around \$600/day profit. That's my result, not a promise — your numbers will be ~\$200/day Guaranteed the same day you start, but if you're both smart and lucky to expand, which is not easy but absolutely possible, you'll be able to reach me or even out-perform me and also get rid of the timeframe in which this works and make it suitable for long term.

Restrictions to run it: None. Your time, focus and a bit of hustle. That's it. No KYC or specific country to be in.

What I'm charging to teach it: \$500.

I'm not spelling out the method in public — once it's public, it's dead. You'll understand it within a few minutes of me walking you through it. That's the deal.

HOW PAYMENT WORKS — READ THIS

We go through a trusted middleman, and the terms are the part most sellers won't match: You don't pay me upfront.

The funds sit in escrow and are released once you've earned =>\$500 from the method.

Only MMs accepted are from HF: [Cooligan](#) [FREE] , & [Jcole](#) [3%]

If you pick the 3% MM, you pay the fees.

If you ghost the deal after 72 Hours, MM shall release the funds to me with no extra delays.

I can't offer terms more one-sided than this.

WHY TIMING MATTERS[/b]

This isn't evergreen. It's tied to a specific short-term window that's open right now. I won't say more publicly (you'll see exactly what it is the moment I walk you through it), but the honest version is simple: the sooner you start, the more of that window you capture. If you're in today, you're comfortably inside it. I can only guarantee a maximum of 3 weeks before this version ends but the overall method will still live for years. I stand outside of this timeframe because of my own touch, you can do the same if you put efforts into it.

I'm okay with spoon-feeding you till you make your first \$1,000, which is double what you paid for the method. Beyond that, you're on your own.

You will be running the setup immediately after buying, pocketing your first profits mid day 1, no

delays.

WHO THIS IS — AND ISN'T — FOR

It's for you if: You're already in the mindset of hunting for money and actually doing the work immediately after buying.

You want something with zero risk.

You're fine with the fact that this has a real time window rather than running forever.

It's NOT for you if: You need a 20-question interrogation before you can decide, like you're buying a used car.

You expect guaranteed money handed to you for doing nothing.

You want to be walked through every single step and then sleep for 2 days before lifting a finger.

HOW TO GET IT

Price: \$500

PM me to take a spot or open a contract.

The infos above are the whole pitch. i can't disclose more infos, this is a unique niche method, Don't try to guess or suppose or think that you've seen it before, you would be wasting your energy...

Sent contract.

Very interested. How many copies are being sold?

Basilisk - June 25, 2026, 3:56 am

Is the method restricted to some countries or can be down worldwide?
Aside from the price, is there any other capital needed?
How we do withdraw the money? Crypto or any other means?
Seems very interesting.

TheComplacentOne - June 27, 2026, 7:11 pm

Hmmmmm, watching this. Could you answer some of the questions asked here, OP?

Dushta - July 14, 2026, 11:30 am

Hello guys, Was busy for 2 weeks now I'm back, this is still up, came up with new ways extra

If you wanna go in send me a pm with your discord

Do not contact me if you're just curious / asking questions that show me you're picky like a bitch / want a discount

I'm only willing to work with money hungry people, this is not much work or a grind for the profit it makes, but i genuinely don't want to see people treating it like some secondary Sunday activity to fill the boredom

Fishscale - July 14, 2026, 6:06 pm

How many weeks left until it doesnt work anymore?

More than what was originally posted the first day, I have made some progress myself within the method, so what I deliver now is much more interesting than two weeks ago.
Time window / time spent on the execution / profit... everything improved.

How much money do we need to execute it? How blackhat is it? If it's not stealing from people (carding, etc) I'm in.

cRANIUM- - July 20, 2026, 3:52 pm

Detailed Review :

The method is honestly great, smart, and very effective, made my money back already in less than 2 days and im \$300 in profit rn, better than what's advertised in the thread

It was hard to get in touch with OP at first as he's busy most of the time, Fortunately that changed after i paid, he makes sure you never feel left out and gives you the vip treatment

The first mentoring session lasted 2 long hours where he did share his screen on discord and explain everything step by step, he made everything clear, both in theory and in practice, then stayed with me to apply it myself.

also worth to mention i paid upfront without a MM, he did show me some very convincing things when i was asking him about details so i trusted my gut feeling and i acted fast to make the most out of it, not to encourage anyone to do the same! I'm just sensitive to bullshit and this seemed legit to me after a few exchanges, you do your thing.

Nothing negative to say about this to be honest, that's my experience, good luck to anyone who wants to embark?

Do you accept MM until money made?

Seems very interesting.

Dushta - July 31, 2026, 5:40 pm

Im back guys, and i will be for the whole weekend, so hit me up with your contacts, if it's suitable for both of us to deal i will find time for you

please no semi curious people, only hit me up if you're actually down or heavily interested

Please use PMs instead of convos

LOUDERMILK - August 9, 2026, 7:41 am

Op ignored all questions on discord

Good luck

Anchosteam - August 23, 2026, 6:11 am

Still working?

Affiliate Kingcpa - August 23, 2026, 6:53 am

is it still working or die?

OtterLover - August 23, 2026, 10:57 pm

Is the minimum amount \$200? Is that kind of profit every day? Or is there room for improvement?

yupp92 - August 26, 2026, 10:49 pm

I'm heavily interested in this. If profit is tied to how much time I put in and this is not black-hat, then I'm in.

I don't have the disposable cash atm but I'm leaving my post here so I can find the thread easier later.

You also mentioned this is not evergreen. How long is the typical window? And does that window appear annually?

Dushta - August 31, 2026, 12:28 am

Back online, this is still going on for everyone asking

Anchosteam - August 31, 2026, 5:49 am

How much longer will this work in your opinion?

I would join but need some sort of outlook. Thx.

Ashtray - September 1, 2026, 12:01 am

I bought this after waiting a long time for OP, and honestly, the method is very profitable and definitely worth it! The mentoring was a bit difficult, and I had to wait because OP was busy with someone else who came before me today but was worth it.

Stencil - September 1, 2026, 12:21 am

can you please share how much you have made so far and how long you've been doing this? Thank you

Edit: I see you mentioned you started today

Hi, I'm new here, so I can't contact you via DM. Could you send me a DM for a consultation? Or tell me how I can get in touch with you?

Thanks

Were you able to get in touch for the mentor?

How long do you think this method could last?
