My result:

Quote:YOUR BEST FIT

Order and Opportunity Left

The largest typology group, they tilt Democratic and generally support a larger government with more services. But they have a greater sense of economic individualism and a stronger desire for order and safety in society than others on the left.

It's nice to see a wide variety of views. Thanks for taking the quiz.

I thought I'd land in Order and Opportunist Left as well, but got Leftward Progressives, which is weird, because usually I side 60-40 Left to Right. But 3 of the 4 points seem pretty accurate so who knows.

Quote:Leftward Progressives

Liberal across the board, they are among the strongest critics of the U.S. economic system and the Trump administration.

Support expanding the social safety net
Economically populist

Want more political parties in the U.S.
Young, very online and largely religiously unaffiliated

EDIT: Ahh I tweaked one of my answers and it did shift me to Left-out Left.

Nice! I expected to get progressive left but I got more moderate answer.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Left-Out Left, I guess.
I don't necessarily give too much credit to this quiz though.
