Thread: [E-whoring Still works in 2026.](#)

JNath - June 26, 2026, 7:54 am

People these days claiming that E-whoring doesn't work anymore or it's dead but that's completely false, I'm an example of how it's still simple as it was few years ago. Made this like an hour ago by just using reddit (Hand made new account, no \$\$ invested).

It's in my signature if you're wondering, not an eBook but a complete mentoring service from scratch.

All your recent earnings images are broken in your signature, so you should probably fix that.

It's never going to end, my brother! Quite the opposite—consumption is actually higher these days. Just look at my results with AI models on OnlyFans.

I appreciate your eagerness to learn and all that, but I'm not teaching anything for free! I'm sorry, but nobody ever gave me anything for free—and well, all knowledge comes at a price. ?

Gen X Hustler - July 8, 2026, 7:56 am

Although it takes a LOT more work IMO since platforms as OF and people wanting voice chat, video chat. It's not a fast money method. But Ive worked as a mod for one of these fake sex dating sites where people had to pay credits per chat message and plenty of men still on it.

JNath - July 10, 2026, 12:29 am

Amazon gift cards raining over my email.

Yeah bro for sure ?. 1K USD is like 1 lakh INR in India and it's very decent to run a small family here.

Eran - July 10, 2026, 3:14 am
