Thread: [Where Do Finance People Share Real Knowledge?](#)

N0TH1NG - June 30, 2026, 3:23 am

Hey everyone, are there any finance forums where people share their knowledge and help each other out?

I'm mostly interested in stuff like stock basics, investing tips, budgeting, and learning resources.

I'm mostly interested in stuff like stock basics, investing tips, budgeting, and learning resources. Try Reddit, so many helpful subforums on finance and investing, also YouTube will help as well.
