Thread: [Health based Database Phone numbers US BASED Wanted!](#)

noneisnone - July 9, 2026, 1:19 pm

Looking to buy a database ideally nothing less than 1000000 rows must have first name,last name,Phone number,Age

Must be US Based ages ranging from 40 to 70 preferably Men contact me urgently we need the list within the next 24 hours

Pay is good if the list matches what we are after get in touch with a 1% sample of the list nothing less

Myself

carlozzi958 - July 22, 2026, 2:33 am

what is your telegram handle...

The Joker - July 23, 2026, 9:15 am

1% of 1000000 is 10000

Now, 10,000 leads as sample is way too much to ask for.

If you're still serious about buying good quality pharma leads ("Name, DOB, Phone, Email" Some of them have addresses and previous pharma order too), hit me up.

Mchenzielee - July 23, 2026, 10:51 am

I provide legitimate data solutions for crypto, banking, and e-commerce businesses, including detailed user insights and audience data, with more information about the user data.

mb001sc - October 4, 2026, 10:29 am

i have huge database mostly health insurance and hospital mix
