Thread: [\[PARTNERS WANTED\] AI Adult Creator Business \(Fanvue/Subscription Platforms\)](#)

JNath - July 9, 2026, 8:18 pm

Hi everyone,

I'm looking for 1–3 dedicated partners to build and scale a legitimate AI-powered adult creator business on platforms such as Fanvue and similar subscription platforms.

The project will focus on creating original AI-generated virtual creators, building unique brands around them, growing social media audiences, and monetizing through premium subscriptions and custom digital content while complying with platform policies.

I'm looking for people with experience in one or more of the following:

- AI image and video generation
- Prompt engineering
- Photoshop/photo editing
- Branding and content strategy
- Social media growth and marketing
- Community management and customer support
- Automation and workflow optimization

What I offer:

- Revenue-sharing partnership
- Long-term collaboration
- Transparent accounting
- Opportunity to build multiple AI creator brands

Requirements:

- 18+ only
- Reliable communication
- Willingness to learn and contribute consistently
- Respect for platform rules and intellectual property

If you're interested, send me a private message with:

- Your experience
- Relevant skills
- Time availability each week
- Any previous projects or portfolio

Serious inquiries only. I'm looking for long-term partners who want to build a scalable online business together.
