The OP, Gemini100, held a contest for a free 18 month subscription to Google AI Pro and I was one of the winners.

Like he said, I didn't have to share any login info with him, I simply received a link to activate and was able to decide which google account I wanted to put it on with the click of a button. Activation was instant.

Thanks so much and GLWS!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
