I need a page or someone that I can be getting or giving me legit signals for trading cryptocurrencies

LittleBroBro - July 24, 2026, 8:34 am

Check out YouTube, theres tons of crypto guys with their own groups where they have signals.

No such thing as "legit signals".

It's all just pump and dump scams. You can either be the scammer or you can be scammed. That's the world of signals.
