Thread: [Crypto Clipper Demand](#)

private_white - July 28, 2026, 6:26 pm

Hello HF,

I am aware that no financial fraud can be performed on this forum. However, I am wondering two things:

1. Are cryptocurrency clippers allowed to be released on this forum.
2. Are these types of tools allowed on HF.

Thanks

I don't think they're allowed but I'll like to hear from someone else to be sure

It is still in development if you were requesting a copy. I'll be sure to notify you when it is finished.

Is DarkSword available for iOS 26? I need it too—I'm willing to pay.

I appreciate the clarification. I do not appreciate marketing in lone threads. Stick to your own thread.
