DOES YOUR BUSINESS NEED A BETTER WEBSITE?

SiteReady builds clean, professional business websites without unnecessary complexity.

NEED A WEBSITE? LET US BUILD IT.
KNOW A BUSINESS THAT DOES? EARN 20%.

EVERYTHING YOUR BUSINESS WEBSITE NEEDS.
NOTHING IT DOESN'T.

SiteReady creates modern, professional websites for businesses that need a new online presence or an effective rebuild of an existing website.

Our focus is straightforward: clearly explain what the business offers, help prospective customers take action, and give the business a credible website it can confidently promote.

SITEREADY MAY BE A STRONG FIT FOR A BUSINESS THAT:

Does not currently have a website

Has an outdated, broken, slow, or ineffective website

Needs a professional online presence

Needs a website that clearly explains its services

Wants to generate more calls, quote requests, bookings, or leads

Needs a cleaner and more modern website design

Does not need an advanced custom software platform

TYPICAL SITEREADY PROJECTS ARE DESIGNED FOR:

Local service businesses

Contractors and skilled trades

Professional service providers

Small businesses

Independent operators

Consultants

Home-service companies

Growing businesses replacing a basic or outdated website

Quote:

SITEREADY HANDLES THE ENTIRE WEBSITE PROJECT.

SiteReady is owned and operated by my business partner and I and we handle project qualification, scope, design, development, and delivery.

The business receives a focused, professional website without being pushed into unnecessary features or technical complexity.

THE SITEREADY REFERRAL PROGRAM

EARN 20% REFERRAL COMMISSION

Make the introduction. SiteReady handles the build. You earn 20% of the qualifying website-build

invoice.

You do not need to be a salesperson, designer, developer, project manager, or technical expert.

Your role is limited to identifying a business that appears to need a website and making the introduction. SiteReady handles the conversation from there.

HOW THE REFERRAL PROGRAM WORKS

Spot a suitable business

Identify a business that has no website or has a website that is outdated, broken, ineffective, or difficult to use.

Make the introduction

Introduce the business owner or decision-maker directly to SiteReady.

SiteReady confirms the fit

SiteReady discusses the business's needs, confirms the project scope, prepares the proposal, and handles the website build.

You receive 20% commission

You earn a 20% referral commission based on the qualifying SiteReady website-build invoice, subject to the written referral terms confirmed for the project.

Quote:

COMMISSION EXAMPLE

A qualifying website-build invoice of \$999 would produce a \$199.80 referral commission.

A STRONG REFERRAL MAY INCLUDE:

A business with no current website

A business using only a social-media page

A business with an old or neglected website

A website that does not work properly on mobile devices

A website with incorrect or outdated business information

A business whose services are difficult to understand online

A business that is losing leads because its website is ineffective

A business owner who has already mentioned needing a better website

A REFERRAL IS PROBABLY NOT A FIT WHEN THE BUSINESS NEEDS:

A large custom software application

A complex customer or employee portal

A specialized operational dashboard

A marketplace requiring extensive custom development

An enterprise software system

A project outside SiteReady's confirmed service scope

WHAT YOU ARE NOT REQUIRED TO DO

You do not have to sell the project

You do not have to quote a price

You do not have to determine the scope

You do not have to design the website

You do not have to provide technical support

You do not have to manage the project

YOUR ROLE IS THE INTRODUCTION.

SiteReady handles everything from qualification through delivery.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
