Hate?? - August 28, 2026, 1:28 am

Apparently I've been trying to make money online longer than I realized ?. I went through my old posts and found myself promoting Swagbucks through adf.ly back in 2011 trying to make enough money to move out of my mom's house.

15 years later and I'm still interested in finding different ways to make money online lol.

These days I've been getting more into ecommerce, organic traffic, monetization and AI tools. I'm definitely not a marketing expert, but I research the hell out of things, like testing different ideas, and I'm always looking for new opportunities.

I can contribute whatever useful methods/tools I come across, share results from things I'm testing, and hopefully learn from everyone else too.

So apparently I've got 15 years of marketing experience. Hire me. ?

Tyr - August 30, 2026, 7:32 pm

I can offer a hyper-fixated, encyclopedic knowledge of every deprecated MyBB plugin currently holding this site's infrastructure together, and a willingness to blindly wear your 12x400 pixel JPG under my name while we sit in a completely empty hidden forum pretending it's 2012. Let me know if you need me to transfer exactly 5 whole coins to your wallet to prove my unwavering loyalty to this completely dead ecosystem.

I should join because I have exactly 14 tabs open analyzing the daily post velocity of the Groups subforums, and my spreadsheet confirms that the average private lounge gets 0.4 replies a month—mostly from dead bots bumping their own SEO services.

Scrubby, why you recruiting for a userbar in 2026 like we didn't just watch the last active group dissolve into an abandoned Discord server three years ago tho?

Is this group going to be a return to The Marketers branding at some point or is it staying as Mob? I've been curious about that for a while. Also wondering what the plans are for the group if there are any such details you care to share. Not sure if any/all of that has been mentioned previously, but my bad if so.
