Does it work with VSCode?

shakur123 - August 18, 2026, 9:39 am

Interested on this; TOS? what kind of payment do you accept?

Yes you can connect EvilGPT to other platforms via api

(Aug 18, 2026 09:39 AM)shakur123 Wrote: [\[CITE\]](#) Interested on this; TOS? what kind of payment do you accept?

Hi. You can buy a subscription through your preferred cryptocurrency or with credit card on the website

rolopolo23 - August 21, 2026, 4:05 pm

This is just venice ai. You can ask for its original prompt and its just a wrapper.

No wrong

zer0002 - September 24, 2026, 7:29 am

Hello, when is the datasets end date? is the datasets updated with recent data? ive tried another service but those datasets ended in 2024, is your datasets with data and information from 2026? im looking for something that has real updated data and is useful in 2026 operations.

Lefty - October 16, 2026, 7:19 am

Love the API idea. Thank you will add this to future applications if i need it
