Thread: [Way to get Free Gas and items at almost any gas station in USA](#)

Crust - August 21, 2026, 2:11 pm

Im selling a method to get free gas and items at literally almost any gas station in the USA some may know this method but im not 100% sure its very easy to do and cost no money to do it but it allows you to get gas and any items in store also including cigarettes and even alcohol.

Im wanting \$75 for each copy and im willing too even let a MM hold the \$75 until you have successfully completed the method and have gotten gas and or items instore.

I also have a method for target which allows you to be able to spend \$100 each day for 3-4 days and will also let you get \$40 cashback at target store sometimes it allows you to spend more than \$100 a day but at the lowest itll be \$100 daily but ive had it work for over \$1000 in one day.
