ModernEHustle - August 24, 2026, 7:26 pm

Sometimes I think back to when I was young and I think about how younger me woulda wanted a lot what I got; but younger me also probably punch me in the teeth lol.

Are you living the life you expected?

Terry A. Davis - August 24, 2026, 8:26 pm

It's the life 15 year old me didn't know he could have.

Snakesss - August 24, 2026, 8:41 pm

15 y/o me was fending for myself, little did I know then I'd have to legally emancipate at 16 to keep my bringers of life from extra trouble.

Bad memories but don't forget the obstacles.

10 y/o me would be a different story though - To answer, I'm nowhere near of my projection at 10 lol.

Wouldn't take a second back though.

Lets hear yours brother.

RangoWorld - August 25, 2026, 12:18 am

No I'm not. But I see a way forward and I think that's still pushing me to reach that level.

Oh god no. Back then, I highly doubt I even had a thought outside the realm of sex, drugs, and rock

& roll. I'd happily kick his arse if I ever got the opportunity.

RiveR29 - August 26, 2026, 3:21 am

Short and sweet.

Hell no! I can't even call this living at this point. It is purely surviving.

I go from pay to pay. Grind ridiculous hours for pocket change basically.

Sure I love the work I do I just hate my employer, but luckily I am changing companies soon. But the soon could come sooner than later.

For the past 11 years (since I was 15) I have never lived a day in my life the way 15yo me would have wanted.

But I buried that 15yo kid and his dreams long ago. I came to terms with the fact that I will live miserably for possibly the rest of my days. Now I am okay with it.

But it took damn much to come to terms with the facts.

And I sure hope that most of yall who read this live the exact life that you have been dreaming of and more. Remember that life is what you make it out to be, I made a lot of bad decisions in the past 11 years. Now I am paying the price for it.

Absolutely not, but I wish I could bring that evil mf back, only he can fix this shitshow.

hunch0 - August 30, 2026, 4:27 pm

Life has changed so much my goals were too small then

Raijin - September 1, 2026, 5:04 am

Yes I am living that life and I wonder if I regret any choices.

MayhemHFF - September 1, 2026, 9:15 am

1000% Yes. Things went a lot different than expected but I really can't complain; my 15 year old self would be amazed hahaha

Ryan Carter - September 2, 2026, 9:01 am

Not exactly, but I think life rarely turns out the way we imagined when we were younger. Some things are better than I expected, while others are still a work in progress.
