```

This is listed as providing \$100 in Cloudways promotional hosting credits when using the qualifying DigitalOcean route. The credit offer cannot be combined with the percentage-discount codes.

3-Day Free Trial

Cloudways also currently offers a 3-day trial. Resourify states that the trial can be started without a credit card, although eligibility and conditions can vary.

Important

These are third-party-listed promotional offers, so check the applicable Cloudways terms before signing up. Only one promotional code may be active at a time, and eligibility can depend on your account and the specific offer.
