Thread: [WELCOMING ALL EWHORES](#)

Well hello friends, it's come to my attention that people learning to EWhore (not just do onlyfans) need a place to congregate.

If you're not annoying, want to earn and learn and contribute. I've got a place for you.

Below, is a link to a TG channel I intend to be very active in. And I look forward to meeting you all.

That's it. Short and sweet.

See you soon.
