Thread: [eSimplifi - Looking for Affiliates 50% Revenue Share From Referrals](#)

Oxycodone - September 19, 2026, 6:35 am

I've got a few products going, but for this thread I'm focused on affordable US SIM/eSIM services — data, unlimited talk/text, cheap plans. Website, Telegram bot, and socials are launching soon.

This isn't a job post. It's more of an affiliate / mutual-benefit thing. I don't have time to push every idea myself, and I feel like there's a way to make it benefit everyone who wants to help. I'd rather build something where people who help can actually share in the upside. So I'm looking to connect with people who can help get things spreading — marketing, social media management, content creation, growth, general marketing. I'm also interested in learning from people who are seriously involved in this space and seeing what's working for them.

Affiliates get a 50/50 profit split on their own referrals. If it matters and performance justifies it, I'm open to 60% affiliate / 40% me.

For this specific offer, I'm planning to run Meta/TikTok ads. I think that's the best starting point, but I'm open to better input. If you're solid with paid ads, social, content, or affiliate growth, reach out.

This is an early opportunity to collaborate and build a revenue stream that works for both sides. Not a standard job offer. Depending on how things go, I do hope to eventually offer more of a real job, but probably not anytime soon — just being upfront so I'm not misleading anyone.

Thank you.

I haven't planned this out much since I've been a bit rushed. So if this is interesting to you, I'd rather hear what you would expect from something like this, and maybe we can work things out to the way you see they should be instead of it being all from my point of view from the start.

Im offering this to everyone not just one person. Whoever can help is more than welcomed. I believe we can learn something from everyone around us. Even if you think you dont have any special knowledge or even if you never done this before. Feel free to message me. There is something im sure I can learn from you and vice versa.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

if you actually have a product, im your guy.

i have a network that worked for me in a specific niche and am currently testing its validity against new niches.

im interested to see what you have.
