Thread: [**\[SELLING\] Paid IntelX Lookups == Fast OSINT / Intelligence Searches**](#)

Infinity. - September 19, 2026, 3:41 pm

Looking for a quick way to search IntelX without maintaining your own subscription?

I'm offering paid IntelX lookup requests on a per-lookup / package basis.

What you get

- IntelX-powered searches
- Search results relevant to the query
- Fast turnaround
- Individual lookups or discounted packages
- Results delivered privately
- Suitable for legitimate OSINT, security research, threat intelligence and investigative work

Pricing

Starter — \$25

3 lookups - upto first 50 records dedupe

Standard — \$75

10 lookups - upto first 50 records dedupe

Research — \$125

25 lookups - first 50 deduped records

Bulk — \$250

50 lookups - first 50 deduped records

Custom quantities can also be discussed.

How it works

1. Contact me with the lookup/search you need.
2. I'll confirm whether the request can be fulfilled.
3. Payment is made. We can either do HF contract or TG whatever you want.
4. I'll perform the lookup and return the available results.

Important

I won't assist with requests intended to facilitate account compromise, credential theft, stalking, harassment, doxxing, or other illegal activity.

Availability and depth of results naturally depend on what IntelX has indexed for the requested search.

Questions / Orders

PM me here on Hack Forums.

If you're interested in a larger number of lookups, PM me with the approximate volume and I'll quote a package price.

[contract=tid]Start Contract[/contract]

U can get user log pass lookup? For metro.ca?

Honey Singh - September 19, 2026, 10:06 pm

Good luck mate,

Good to see you're back in business:)
