Thread: [Buy LinkedIn Accounts by Country, Age & Profile Type](#)

If you need LinkedIn accounts from a certain country or with a certain account age, PVAMarkets has different options depending on current stock.

You may find:

- USA LinkedIn accounts
- UK LinkedIn accounts
- Canada LinkedIn accounts
- Australia LinkedIn accounts
- Brazil LinkedIn accounts
- Turkey LinkedIn accounts
- Korea LinkedIn accounts
- European LinkedIn accounts
- Aged LinkedIn accounts
- Accounts with connections
- Accounts with profile history
- Accounts with email, when listed

Before buying, I would check:

- Country
- Account age
- Number of connections
- Profile details
- Email status
- Phone status
- Previous activity

Two accounts from the same country can still be very different, so read the listing first.

Current listings:

Stock changes, so country, age and profile type may be different from time to time.
