? An AI experience unlike any other — unfiltered, unrestricted, and uncensored.

Tired of AI tools that constantly reject your requests and impose limits on how you use them?

? Introducing our custom AI platform—a version modified and configured by our team to offer greater flexibility and freedom in handling a wide range of requests.

? What do you get?

- ? A custom model modified by us
- ? No restrictions typical of mainstream AI services
- ? No reliance on the standard filters found on many public platforms
- ? Script and code generation for any type of project
- ? Content, script, and idea generation
- ? Handling diverse creative and technical tasks
- ? Ability to tailor the model to your specific needs and workflow
- ? A fully proprietary platform

? Pricing

? One month: \$85

? Full year: Only \$320

Whether you are a programmer, content creator, business owner, or simply need a more flexible AI tool for your work, this platform was designed with you in mind.
