Thread: [Older/active Reddit accounts/logs with post or comment history](#)

Need a bunch of stolen or grown Reddit accounts with history, better if you're offering bulk deals. I'll check if they're shadowbanned so please don't resell. Prices have to be favorable or I won't even consider the offer - nothing above a few bucks an account, or if you have log lists just send a PM with rows queried list # and I can go through each, verify the auth data.

Anything that's an outlier, just lmk and we can try to find a way that works for both of us

Interested in logs/stolen accounts or aged, grown organic with karma activity. Nothing too expensive
