" Claude Tier 20x" individual account is available, granting full privileges for one month; the price per account is \$95.

? INSTANT AUTOMATIC DELIVERY 24/7 AFTER PAYMENT ?

? THIS IS NOT A SHARED ACCOUNT! THIS IS YOUR PERSONAL PRIVATE ACCOUNT ?

You are purchasing a fully registered, ready-to-use Claude AI account + full access to the linked email (Login + Password).

? WHAT YOU GET:

- Instant account data: Full Claude AI login data (login:password) is issued automatically immediately after payment.
- Full access to your native email: You have full control over your linked email (login:password), allowing you to reset passwords and receive confirmation codes at any time.
- 100% Private Access: A single, personal account – never shared with anyone.
- Access to all flagship neural networks: Full access to Sonnet, Opus, Fable, and Haiku models.

I also use 3 per month, was able to cut down to 2 with opus 5.5 and token cost rollback.
Best way atm is loading a fizen or US bin vcc loaded with crypto since redotpay cards are burned.

Good luck
