Thread: [The time without convo changed me](#)

HerrWinston - September 30, 2026, 12:32 pm

Alright I admit title was a little clickbait, but even tho it hasnt even been a day, I really miss convo and the convo gang.

On the positive side, I took the time now while waiting for others to reply in lounge convo thread, to look around and see what i havent seen so far and found a few interesting threads, its like I see the forum a bit more again.

Anyone else sharing this feeling?

Omniscient - September 30, 2026, 12:33 pm

I can't believe it but me too.

Seems wrong to not click into Convo a few times a day.

Don't worry, soon as I get things more stable I'll work on adding Convo back. Worse case it goes wrong, I'll build a whole new chat system. I might do that anyways. We'll see.

I am glad to hear that you miss the place too! I havent flipped for nearly a day now, it feels so wrong.

Yeah I usually idle in convo while I'm on the forums. I got so used to it.

CL1B - September 30, 2026, 12:49 pm

It frustrates me

Wake - September 30, 2026, 12:49 pm

I was thinking the same today feels odd not being in convo throughout the day while doing things.

Goldenboi - September 30, 2026, 12:50 pm

Kind of, I check my regular subforums which are different than BHS back in the day, now it is more targeted towards RE and Coders stuff.

Sadly can't really openly share most of the stuff I do for work, but always nice to shit post in the Convo about it.

I really need to post some threads about RE work again that I do personally, but eh, haven't actually done much fun recently.

You don't know a good thing until it's gone. o7 rip convo 20XX - 2026?

Seaking - September 30, 2026, 4:40 pm

I am not allowed to harass everyone here as freely and openly as I enjoy doing so, this has truly been awful.

On the up-side Stanley can't steal from me if I don't flip...

I'm definitely missing convo as well, but we'll be alright in the meantime while Omni is getting it sorted. Hopefully it doesn't take too long, but it takes however long it takes. It's understandable that many other things will be prioritized over getting convo back, especially if he decides on completing redoing it.

The band shall take this time to get their instruments all tuned and cleaned up. We're going to be back better than ever with them once convo returns.

Russian bear - October 3, 2026, 6:23 am

cannot wait for convo to be available again.

?Border?ineExtr(A) - October 3, 2026, 8:16 am

I'm used to spying on yall and keeping notes on misbehavers, now I've got nothing to report and instead of feeling empty I've found another purpose, which is lounging around and dropping a line or 2 on posts that are of interest

Just messing around, couldn't give a crap about anybody else and if y'all missed my pirate screenshotting just remember who you're talking with:

It's looking like it will be a few weeks at least, but the wait will be worth it.
