Thread: [#1 Seller & Only Provider | Google Ad Spy Unlock Competitor Ad Data, Reports](#)

ease - October 1, 2026, 10:41 am

Want to know exactly how a Google advertiser is running their campaigns?

Our Google Ad Spy Service provides detailed, customized intelligence from any Google Ad Account of your choice, delivered through exported data files or high-quality video reports.

Choose the information you need and receive a report built around your requirements.

? What Can We Extract?

Your customized report can include:

- Ad Asset Report
- Ad Group Report
- Ad Report
- Ad Schedule Report
- Advanced Bid Adjustment Report
- Age Report
- Auction Insights Report
- Campaign Report
- Campaign Settings Report
- Change History
- Device Report
- Dynamic Ad Target Report
- Gender Report
- Household Income Report
- Landing Page Report
- Location Report
- Negative Keyword Report
- Parental Status Report
- Search Keyword Report
- Search Terms Report
- Video Report
- And more

? Choose Your Data Period

Reports are available with flexible data coverage:

30 Days | 1 Year | Lifetime

You can request detailed exported files or high-quality video reports, depending on what works best for you.

Have specific data you need? Let us know beforehand and we can tailor the report around your requirements.

? Google Account Tiers

We support data from all three account categories:

SBA — Small Business Accounts

Lower-spending accounts generally used by smaller businesses and regular-budget advertisers.

HPA — High Paying Accounts

Higher-spending accounts used by businesses operating with larger advertising budgets.

LCS — Larger Customer Sales

Large-scale accounts with substantial credit lines, often exceeding \$1M, allowing high-volume advertising.

? Fast Turnaround

Typical ticket duration: 1–2 days

Need to check what the final report looks like first?

Request an example report and see what information is included.

? How To Get Started

Simply send us your:

Website Domain

We'll take it from there and help you get the Google Ad Spy data you need.
