We don't have any vouchers on hand right now, but we do accept middlemen, and we always try to offer a discount to first-time customers.

I'm interested, replacement policy?

defaultxstream - October 4, 2026, 4:19 pm

Would I get a claude account or is this through an API key?

Dude your post says "Your own personal Claude and ChatGPT account." sub2api is not our own personal account.

You should maybe not lie about what you're selling.

You're purposefully conflating it with an actual subscription account from Anthropic or OAI.

A \$20 subscription account provides the equivalent of over \$3k of API usage over the month.

Saying you offer API access at a discount is one thing, saying you sell discounted subscription accounts is another thing. There's nothing wrong with either, but it's best not to lie.

Also while you're at it: if you could post a CCTest of the models you offer. It supports OpenAI models now as well.

Let me know if you end up with any vouch copies going out, or if any reviews come in. This is certainly caught my attention.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
